- 295/2022 Planning Applications – If other planning applications are received between the date of this notice and the date of the meeting, they may be considered.**
- (a) 2020/2603/FUL** Residential development of 29 dwellings, including 30% affordable housing, together with associated landscaping, parking, access, sustainable urban drainage system (SuDS) and any other associated infrastructure (revised details received 23.12.21). Land at Chapelfield, Oakhill. **Update** Further to the comments submitted on 11th February 2021, these are still valid but the Parish Council would like to add a couple of additional points. The number of houses has been reduced but they are still far too dense; the Local Plan II has now been adopted by Mendip District Council and this application does not conform. There is no case for waiving Planning conditions within the Local Plan II. The studies that have been carried out show no real data, especially regarding actual local employment or transport infrastructure needs of the residents and both the surgery and local school are already at full capacity. Additional traffic has not been considered as they would need to drive along the narrow High Street which at the moment emergency vehicles can only just pass through; the logistics have not been thought through adequately.

There were no County Councillors or District Councillors in attendance
